

STEM Competency Workshop

A STEM Competency Workshop was organized at Vishwa Bharti Public School, Ghaziabad on 29th September 2025 focusing on enhancing 21st century skills by educators- Ms. Bhavna Teotia, Ms. Snehanjali Kar, and Mr. Deepak Kumar.

The session introduced Mentimeter, Humata, PhET, OLABs for virtual experiments across subjects, Notebook LM for organizing lesson notes, and AI tools like Perplexity for quick reliable information.

Additionally, ePGP resources were highlighted for advanced learning.

The workshop emphasized the role of technology in making classrooms more engaging, interactive, and student-centered.
