

Career Fest 2025

“Education is not the learning of facts, but the training of the mind to think.” – Albert Einstein

Our Class X and XI students stepped into a world of opportunities at the Career Fest hosted by Indirapuram Public School, Crossing Republik. With leading national and international universities present, the fest became a true gateway to future pathways.

From stream selection to life skills, from leadership to problem-solving and communication, students discovered that while marks can shortlist you, it is skills that make you stand out.

The event also became a powerful capacity building program, equipping students with the confidence, clarity and competence to make informed choices for their future.

A day of inspiration, learning and vision — shaping young minds to dream bigger and aim higher.
