

Capacity Building Programme – Social Science

A two-day Capacity Building Programme workshop on Competency-Based Assessment (Secondary Level) – Social Science was organised by CBSE at Cambridge School, Noida on 20th and 21st September 2025.

The insightful sessions were conducted by esteemed resource persons Ms. Shivani Chaudhary and Ms. Ritu Goel. From our school, Ms. Seema Pandey and Ms. Vidhi Lakwal enthusiastically attended the programme.

The workshop focused on effective assessment practices, designing well-balanced exam papers, and framing diverse question types—objective, case-based, source-based, and higher-order thinking questions—to evaluate students’ real understanding and competencies.

We are extremely grateful to our School Management and respected Principal, Mrs. Dimple Puri, for fostering a culture of Professional Development and constantly motivating teachers to upgrade their skills and adopt innovative teaching practices.
