

Library class

During today's library class, our students participated in a Silent Reading Session — a calm and focused activity designed to strengthen concentration, improve vocabulary, and promote independent reading habits.

It was a true joy to witness young minds deeply engaged in their books, flipping pages with curiosity and enthusiasm. These quiet moments are powerful — they not only build essential reading skills but also nurture a lifelong love for literature.

At Vishwa Bharti Public School, Ghaziabad, we believe:

"Today's Readers are Tomorrow's Leaders."

Moments like these are a beautiful step in that direction
