

CBSE Expression Series

Celebrating Expression, Creativity & Competencies!

Vishwa Bharti Public School proudly took part in the 1st CBSE Expression Series for the Academic Session 2025-26, centered around the inspiring theme "Competency Focused Education."

From Class 3 to Class 11, our young writers let their imaginations soar, expressing thoughtful reflections, powerful ideas, and creative flair through essays, paragraphs, and poems crafted specially for each stage.

Highlights of participation:

***Preparatory Stage* (Classes 3–5):** Little storytellers penned paragraphs on "My Superpower: Skill that helps me shine" and "How I solve my problems," sharing moments of courage, kindness, and unique talents.

Middle Stage (Classes 6–8): Budding authors and poets explored "My learning adventure: Everyday something new" and "How competency-based learning helps me handle real life situations," weaving words into inspiring narratives.

Secondary Stage Phase 1 (Classes 9–10): Our thoughtful senior students reflected deeply in essays and poems on "Empowering Growth Through Competency-Oriented Learning" and "Competency means more than marks," shifting focus from grades to growth.

Secondary Stage Phase 2 (Class 11): Future leaders envisioned “The competencies I want to carry into my professional life” and “Beyond Exams: How competencies shape careers,” connecting classroom learning to life beyond school.

Through this creative journey, students not only honed their writing skills but also discovered how real learning empowers them to adapt, reflect, and grow beyond textbooks. Events like this light the spark of *imagination, critical thinking, and self-expression,* helping students walk into the future with confidence and curiosity!
